

## 2017 NEWSLETTER

Hello Beef Customers!! We are moving onto another harvest season. This year has been full of cold temperatures and a lot of snowfall. We are hoping it will lead to an abundance of green grass and fat cattle. We are continuing with the Red Devon influence in our cattle. Each year shows improvement in different areas.

Many of you may have purchased our beef at Natural Grocers, located next the Rimrock Mall on 24th Street in Billings. We are very excited to be stocking their beef cooler with Tami's Grassfed Beef.

We are planning on having our harvest about the same time as last year. The beef will be ready for pick up in July at Project Meats located at 6608 US Highway 312, Shepherd, MT. If you have any questions or need directions, please let us know.

Please return your orders ASAP. Remember, we operate on first come, first serve basis. So, don't miss your chance to get beef this season. Scheduling is much easier if orders are received quickly.

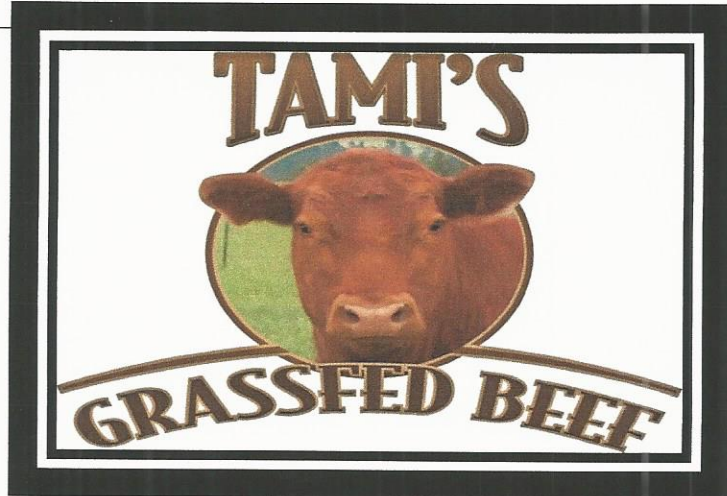

If you have ordered previously, I have included an order form and information on what you ordered last year, as well as your cutting order. Please list any changes you would like to make and send it back with your **\$250 non-refundable deposit**. This deposit reserves your beef and will go toward its purchase. If multiple individuals are sharing a beef, please remember that in order to get the whole beef price, I must receive one check, deal with one individual for the cutting order and all those sharing your beef must arrive at the same time for pick up. We can split it up to four ways for you, but you will be responsible for making sure the individuals involved receive their portion. Please call or email me with any questions. I am looking forward to seeing everyone! Take care and talk to you all soon!!!

Sincerely,

Tami Bowen
